About the Organizing Department

The Department of Mechanical Engineering at NMAMIT was established in the year 1986 with an intake of 40 BE students. Since then, the department has shown exponential growth and at present passing out strength of UG students is ~252 per year. The department has two master's degree programmes namely Machine Design and Energy Systems Engineering with an intake of 18 students each. The department is accredited by the National Board of Accreditation (NBA) under Tier-1. The department is also an established Research Centre of VTU Belagavi and so far, nine students have completed their PhD, and there are several part-time and full-time doctoral students. The department has six centres of excellence. The research work carried out in micro-machining has won four awards in the prestigious IMTEX exhibition in the last 5 years. The most recent one is 2nd best prize for Research on "Two-axis TIG welding of Aluminium alloy with synchronized pulsating wire feeder" in the IMTMA-IMTEX-ToolTech2020 Exhibition held at Bengaluru in January 2020. The institute also won Best Student Project Award in the Fluid Power Society of India Exhibition 2019. Some of the products have been patented and some products have moved from Lab to Land. The students are provided with all-round development opportunities through professional societies, branch association, and several professional club activities.

About the Conference

Department of Mechanical Engineering, NMAM Institute of Technology, Nitte is organizing a Two Day International Conference on "Smart and Sustainable Developments in Materials, Manufacturing and Energy Engineering (SME-2021)" as a part of Multi-Conference "International Conference on Emerging Trends in Engineering" (ICETE- 2021) on 19th and 20th November 2021.

The conference is dedicated to driving innovation in nearly every aspect of Mechanical Engineering.
